1. Arnica – a small, 'on the go' version of our best selling full size customer favorite. Rub into skin before and after exercise to help soothe muscular aches and pains. With organic arnica, beeswax, skin-nourishing oils, and an invigorating blend of essential oils of rosemary, ginger and lavender. 2. Calming Temple – this easily absorbed temple salve smells gorgeous, with an aromatic blend of lavender, rosemary and eucalyptus essential oils, along with nourishing oils, beeswax and shea butter. It's a great way to create a relaxing aromatherapy break. 3. Soothing Skin – a wonderful way to soften and quench dry skin with a nourishing combination of soothing calendula, organic oils, shea butter and protective beeswax. Contains a subtle, fabulous smelling blend of essential oils of frankincense, Helichrysum and patchouli.
